

## Community Events

MGP performs a vital role in providing sponsorships and pools of enthusiastic volunteers for a number of major community events that both directly and indirectly benefit the local, area and regional populace in multiple ways. An outstanding example is the Company's commitment as a principal sponsor of the annual Amelia Earhart Festival, which attracts worldwide attention and draws thousands of visitors to Atchison each July. This two-day event has tremendous positive economic impact on the community, which, among other intriguing facts, is the birthplace and early childhood home of the world's most famous aviatrix. In addition to the Company's sponsorship participation, MGP employees perform in a variety of leadership and service roles, volunteering their time and talents to help make the Festival a huge success each year. The benefits of this event go well beyond providing an entertainment venue, creating a solid "coming together" of the community while helping boost the local and area economies.
